Dear Helen & Elmer,

I just got back to Naples
 after spending more than
 a week in Venice. Jim was
 there too. But because of
 the tragic assassination
 of Sadat while we were there
 the ship left Venice early
 (before we knew about it)
 So Jim stayed with me
 over the weekend then flew
 back to Naples to catch a
 military plane to the ship.
 Due to uncertain flights, tho, he was
 still waiting in Naples when I got here. Now, tho, he's gone back.
